

## **Our Executive Team**

### **Mike Jackson, Chief Executive Officer**

Mike is Village Green's energy policy expert. Prior to co-founding Village Green, Mike worked as policy analyst on international energy markets - focusing on bringing clean energy technologies to the developing world. He has presented work in the United States, Europe, and Asia. He holds an M.S. in Energy Engineering as well as a B.S. in Biology and Earth Systems, both from Stanford University.

### **Robby Bearman, President**

Robby is Village Green's energy systems engineering expert. Prior to starting up Village Green, Robby consulted on energy efficiency projects in commercial and industrial buildings, and in developing solar projects throughout California. Robby holds an M.S. in Energy Engineering and a B.S. in Earth Systems, both from Stanford University.

### **Jesse Krieger, Executive Director**

Jesse brings years of entrepreneurial experience to Village Green. Prior to helping found Village Green, Jesse worked in investment banking of alternative energy and Internet technology projects. He continues this work at Village Green by overseeing the company's strategic partnerships across industries.

### **Matt Zatto, Sales Director**

Matt is Village Green's Sales Director and Customer Relations Liaison. Prior to working at Village Green, Matt worked in Mallorca, Spain as the Director of Sales for an environmentally-friendly boutique hotel. He graduated from the University of San Francisco with a degree in Business Administration, with a focus on sustainable businesses.
